* (minimum \$20million)

TERMS AND CONDITIONS

1. The applicant is a resident or ratepayer of Gunnedah Shire.
2. Prescribed standard stock warning signs must be erected on the roadside warning motorists of the presence of stock and signs must be removed or covered when stock are yarded or removed.
3. In the event of wet weather, all stock shall be removed from the road reserve immediately.
4. The holder of the Permit shall indemnify Council from all claims arising as a result of the presence of the stock in the road reserve.
5. The holder of the Permit shall be responsible for any damage to the road formation caused by the stock.
6. All stock shall be removed from the road reserve should Council require the site for road maintenance works. Grazing is not permitted whilst Council conducts road maintenance work in the area.
7. Stock must only graze during daylight hours and return to their property of origin at night.
8. Permits are only granted to those landholders adjacent to the Shire road for the area immediately adjoining their property. Extension to graze beyond this area will only be granted if adjoining neighbours have no objection and provide this in writing to Council.

9. Permits may be granted to stock holders other than owners adjoining the Shire road if they obtain written permission and approval is given to the LLS from the owners who join both sides of the road that they will allow the stock owner to water and yard in one of their properties in accordance with the conditions of the grazing permit.
10. All stock shall be sufficiently supervised at all times and kept clear of the trafficable roadway. Electric fences may be used as a stock control method.
11. The distance over which stock are being grazed does not exceed 2km at any one time.
12. Any stock that die or are injured must be removed from the public road reserve within 24 hours.
13. All terms and conditions must be adhered to at all times or otherwise the permit may be cancelled.
14. Permission is up to four weeks, renewal of further permits is required after permit expiry date has lapsed.
